IRWA in Print

As part of IRWA's mission to serve its members, outreach efforts continue as we advertise in publications like Engineering, Inc., Public Works and Roads & Bridges. Ads promote the value of hiring a credentialed member and becoming a member to the four key industry segments we represent. They include Local Public Agencies, Oil and Gas Pipeline, Transportation, and Electrical Utilities.

Presentations from the 2014 Federal Agency Update are now available on IRWA's website. To view presentations from the Federal Highway Administration, Department of Interior, Bureau of Land Management and others, click on the Federal Agency Update logo on the IRWA home page.
