

# THE FEDERAL HIGHWAY ADMINISTRATION PUBLISHES THE UNIFORM ACT FINAL RULE

On May 3, 2024, FHWA published a final rule updating the Uniform Act regulations, the first update in almost 20 years! The final rule makes important changes to help those displaced or otherwise affected by federally funded projects and reduces administrative burden for agencies subject to the Act. It also raises relocation benefit levels to account for inflation and provides new authority to ensure future adjustments to benefit levels are completed expeditiously.

Please join us for the **2024 IRWA Conference Plenary Session** *"FHWA Update on the Recently Published Uniform Relocation Assistance and Real Property Policies Act (Uniform Act) Final Rule"* on **Tuesday, June 25, 2024, at 8:00 am (Pacific)**, where FHWA subject matter experts will present key changes from the final rule, point to helpful resources for implementing the new regulation and field questions from attendees.
